Adopt A Waterway Application

Thanks for showing interest in WaterWays' Adopt-A-Waterway program! Adopt A Waterway is a program built to reconnect people to their waterways through stewardship and education. By adopting a waterway, you are committing to "take care" of a section of a given waterway for a period of 2 years. There is a minimum of one stewardship project required per year. Stewardship projects include, but are not limited to: litter clean-ups, tree plantings, invasive plants removal, water quality testing and educational programs. Fill out your basic information on this form, and we'll be in contact with your team!

***Group Name (this name will be on your Adopt-A-Waterway sign)**

Group Information

Do you have a specific section of a river, stream, or creek that you would like to adopt? It must be within Chattanooga city limits. (Leave blank if you would like help choosing a waterway.)
